A hand-drawn sketch of a mobile application interface for a registration form. The form is titled "Cadastro" and is contained within a rounded rectangle representing a smartphone screen. At the top right of the screen, there is a status bar showing a Wi-Fi signal, cellular signal bars, a battery icon, and the time "21:50". The form itself consists of several input fields stacked vertically, each with a label: "Nome completo", "CPF", "Data de nascimento", "Telefone", "E-mail", "Senha", and "Confirmar senha". At the bottom of the form is a large button labeled "Salvar". The entire sketch is drawn with simple black outlines and some light gray shading for the status bar.

A mobile application wireframe for vehicle registration. The screen is enclosed in a rounded rectangle with a thick black border. At the top, there is a status bar with a grey background, displaying a Wi-Fi icon, a cellular signal icon, a battery icon, and the time 21:50. Below the status bar is a white header bar with the text "Cadastro de Veículo". Underneath the header are two white input fields with black borders, labeled "Modelo" and "Placa". At the bottom of the form is a wide white button with the text "Salvar". The entire form is centered within the phone's frame, which also shows a small circle and a horizontal pill shape at the top and bottom, representing the phone's physical features.
